WEEKLY NOTICES AND REMINDERS

Kia Ora whanau!

What a fabulous week it has been, a bit wet and wild towards the end of it, and winter feels like it is here today!

Great to see our winter sport is up and running! Rugby and Netball is on in full force, some of our children are playing for the first time, and stepping out of their comfort zone, and some excited to be back on the court and field.

A big mihi atu to those who were able to join us for our PB4L launch this week. Our children spoke proudly of our values, and honoured us all with their waiata and beautiful manners. I mentioned in my speech, that we don't always get things right, but our behaviour data and work in the classrooms, does show that our children have a great understanding of what it is to be respectful, responsible and to show manaakitanga. Great like skills to carry with them wherever their journey takes them.

Next week our Kotuku children will be receiving their mid year report, as will some children due a report in Piwakawaka. You will notice the format is different for this report. It reflects the important time spent at home learning, and the time spent here at school settling in, along with their fabulous learning. Please celebrate their success with them.

In term 4, (providing we are not asked to go back into Lockdown, or anything else crazy happens this year), we look forward to reporting as we would normally, with a strong emphasis on progress against the curriculum levels.

One more week to go! Some of our kiddies are tired and getting sick. Please keep your child home if their are not well, a few days snuggled up at home getting better, is more beneficial than struggling along at school not able to concentrate, or participate fully. We will be sending unwell children home, as per the Ministry of Education's and Health organisation's directives.

Hope this weekend is a lovely time together for you and yours.

KIDS'WORK

X-Country

X-country was not fun at all. We had to do a 1 km course. I came 8th out of 22 kids. I had butterflies all over at the start. When it was the end I was puffing for ages, I needed my inhaler twice. It was intense. I didn't like how it was in school. I didn't like the rocky terrain at all.

By Ryan F, Age 8, Room 9.

CROSS COUNTRY

"Clap!" Went the sound of the starter. "Not now! Not now!" I thought to myself as I half tripped, but luckily I was still in the lead.

5 minutes later... "First lap done, one to go." I say to myself as I run along the footpath for the second time. Still in the lead.

I start feeling my legs starting to collapse from under me as I run up the hill of Kitchener Street once again. To top it up I feel a stabbing pain in my right rib cage. I start to slow down, but I'm still in the lead.

"There goes my victory." I thought to myself as a girl behind me saw that I was slowing down and took the chance, and guess what... overtook me. I didn't bother to try get in front again because we were already 10 meters apart.

When I was about 20 meters from the finish line I started sprinting as fast as I could. "I'm finished! I'm finished! I'm second! I'm second!" I kept on thinking to myself as I finished the race.

By Anna Richards, Age 10. Room 2.

Cross Country

A puff and a pound, a clap of the clappers as my race started. I heard my friends from Year 6 yelling my name. I said to myself "Keep going!" I kept to the track and whizzed off. My face was as red as a tomato. Every step of the track was a puff and a pound. The rhythm of my feet kept my breathing in a rhythm.

I ran as fast as I could and then I heard Aaliyah yelling as loud as she could "Run Freya run!" I whizzed past the bike shed, my heart was pounding and booming. My breathing was like a dog puffing.

I had nearly done my first lap. I had just gone past the big back tree I started to walk then I said to myself "No Freya keep running." so I did. I got on to my next lap.

My next lap was different. We had to cross the road and go up Kitchener Street. I saw Molly behind Leah. I never knew Molly was so fast.

I had finished my last lap and I was puffed. I had passed Bella and Tahlia "Wow" I said. I came sixth and I have never come sixth. I have not had a place in a long time.
by Freya C, Age 9, Room 2.

Cross Country

Bang! We are off.

I had butterflies, I was so nervous.

I was so happy because I was coming 3rd place.

Hale bailed out because he had an asthma attack.

My lungs were burning. I felt like my ankles were going to fall off.

I came 3rd place.

By Elijah C, Age 9, Room 9.

WHO WE ARE

Leann Bellamy
Classroom Support

A fave teaching moment is:

Reminding our children every day to be kind and treat others how you want to be treated.

What makes me happy:

Spending time with my family and friends.

What I'd bring to a deserted island:

A satellite phone.

My most treasured possession is:

My ring that belonged to my mother.

If I had a magic wand I'd:

Wish that my mother was still here.

In my spare time:

I like to potter around the house.

Michelle Burr
Classroom Support

A fave teaching moment is:

Playing maths games with the kids. Learning through play is so much fun!

What makes me happy:

The flowers in my garden and watching my children have the confidence to give things a go.

What I'd bring to a deserted island:

Yahtzee

My most treasured possession is:

The ankh that I wear around my neck. It was given to me for my 21st from my mum and sister.

If I had a magic wand I'd: go back in time and tell myself not to sweat the small stuff, and to wear that bikini!

In my spare time: I like to read fiction books and hangout with my family. Not at the same time!
