Kia Ora Whanau

We are halfway through the term! It is astonishing how fast time surely does fly! This week, it has been exciting to see our classes working on their scripts and backdrops or costumes, as they prep to tell the story of our magnificent river, the Ohinemuri. We are looking forward to sharing our learning with you all, and will let you know closer to the time when we can do this.... Watch this space!

Well done to our chess players this week, we were so pleased to see so many children register to play! We had quite a few rounds to work towards the finals. Congratulations to both Josiah M and Lachlan H, for competing all the way to the final round! Josiah reigned on the day - well done to you all!

Congratulations to our tackle rugby lads, who competed in this week's competition in Thames. We made it to the semi finals! Well done to you all, I have heard you represented our kura (school) with pride and showed wonderful sportsmanship. Ka pai.

Please remind your child/children to pack their clothes as they remove them, as the weather gets warmer. Our gorgeous teachers have a very busy time with lots of things to juggle, fetching and finding clothes is not really possible as well. Thanks for your support in this :-)

You might have seen on facebook that we have opened our new bathroom block! We were very blessed to have our lovely college teachers, Matua Greg, Whaea Tuihana, Whaea Te Awhi and Whaea Vicki, come down and help us open our new block, at 6am, before the sun rose, and bless our site. A huge thankyou to them!

Then we had a special cutting of the ribbon to open our new bathroom and walkway when the children came to school. Blake S and Joshua U, were given the special task of cutting the ribbon, being our most senior children - thankyou for your help lads!

As always, please flick me a message if you would love to chat.

Nga mihi,
Briar

PS Don't forget to vote for our Board of Trustees representatives!

Raising Resilient Children

What we can do – as parents and community – to help!

We use the word *resilience* all the time, we want it for ourselves and for our children. But what does it actually look like? And how do we develop it?

Understanding the neuroscience of how resilience develops, will help us recognise what we can do in our everyday lives and interactions, to increase resilience in our communities. This session will help you understand, in a simple yet sufficient way, how we can build resilience.

The beauty of this session is that you can take the information and immediately apply it to your world. Reports of 'you have changed our household' and 'I get it now' are very common feedbacks from those who attend this session. Come along and hear how it can help you too.

Kathryn is a mother of two adolescents, with a Masters in Educational Psychology. Kathryn has been learning and working in this area for over twenty years, training national and international audiences, including Police, Teachers, Parents, Social Workers, NZ Rugby and many more.

You may have heard of the Kai Care Packs that Waihi College have been making recently. As you know, all our Waihi College students receive a free lunch as part of the Ka Ora, Ka Ako programme. The ingredients for these lunches come to us every day and a private company called Libelle, make them into nutritious lunches for our kids.

Last term, we started turning the left over ingredients into frozen meals which we package up and give out to the community once a week on a Wednesday. We have an email address (kaicarepacks@waihicol.school.nz) which people can use if they need a pack for the week, or would like a pack on an ongoing basis.

If you would like a hand connecting with this awesome idea, please flick Briar and email.
