Kia ora Whanau,

A MASSIVE thankyou to all those who were able to make it to our EPIC movie premiere of 'Ohinemuri - our story'. We loved watching you all light up when you saw your child appear on screen, and also sharing the story of our awa (river), through our eyes.

Ohinemuri was here before us all and will be here when we are gone, and so many have enjoyed the cool waters over time. We hope you enjoyed the movie, as much as we have enjoyed learning about it and being a part of its history.

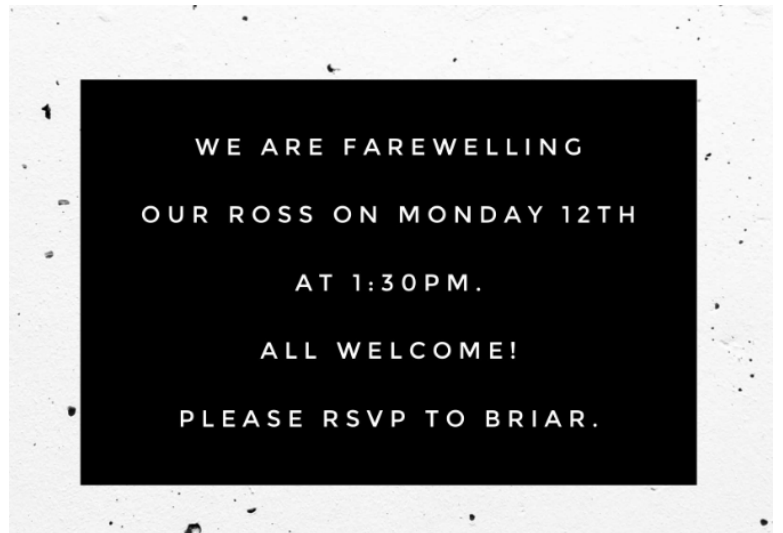

We are currently working on how to get the link to the film to all whanau, and are hoping to be able to share this to your inbox, and also to our Facebook page and website very soon.

If you are able to make it tonight at 7pm at the Memorial Hall, we would love to see you. We are very excited to hear Kathryn Berkett's message, both tonight and also tomorrow at our Teacher's Only Day - **please remember to keep your tamariki at home tomorrow**, as staff will be offsite to engage in this exciting Professional Learning Development day.

Next week is full on and charged with high emotions as the end of the year will come around all too quickly. We would love you to come along to share in the celebration of our Mr. Cowan on Monday at 1.30pm, and also our Prizegiving on Friday at 11am.

Have a wonderful weekend, hopefully the summer sun will come out!

Raising Resilient Children

What we can do – as parents and community – to help!

We use the word *resilience* all the time, we want it for ourselves and for our children. But what does it actually look like? And how do we develop it?

Understanding the neuroscience of how resilience develops, will help us recognise what we can do in our everyday lives and interactions, to increase resilience in our communities. This session will help you understand, in a simple yet sufficient way, how we can build resilience.

The beauty of this session is that you can take the information and immediately apply it to your world. Reports of 'you have changed our household' and 'I get it now' are very common feedbacks from those who attend this session. Come along and hear how it can help you too.

Kathryn is a mother of two adolescents, with a Masters in Educational Psychology. Kathryn has been learning and working in this area for over twenty years, training national and international audiences, including Police, Teachers, Parents, Social Workers, NZ Rugby and many more.

Nature Kids Holiday Club – Waihi Beach

These school holidays we are again offering something very special for your children - an opportunity to connect with and explore nature in a nurturing environment, all day.

Nature Library and The Nest provide exciting and engaging free play in nature where your children can explore, create and let their imaginations run wild.

In this setting your child will build confidence, self-esteem and a sense of wonder. Making friends and having fun while they are guided by experienced and qualified teachers.

We like to keep our groups small to enable us to connect with and support your child through their nature journey, so spaces are limited!

Our Nature Kids Holiday Programme runs every Wed and Thurs in Jan and is based at The Nest (Nature Space) in Waihi Beach with Yoga for kids included. 9 am to 3 pm. Ages 5 to 12 years.

\$65 per child per day.
