

BOARD OF TRUSTEES NEWS
TERM 3 2021

There was an incredible response to our Colour Run fundraiser!!

The event date is Friday the 5th of November - distances and details yet to be advised.

Students Leaders are helping with this amazing event. Well done!

Every child who manages to raise over \$10 will be eligible to claim a prize.

Good luck everyone 😊

Waitawheta Hut Overnighter

Year 5 & 6 Girls went on an overnight Hike to Waitawheta Hut Sunday 19th September.

The weather was fantastic, and we all hope they had a fabulous day out.

Thanks to the parents and teacher's who supported this event.

Property

Shane has identified areas of asbestos around our kura and a report has been drawn up for the MOE. Areas of the school also require minor repair work. Some of this work will be carried out by Ross or out for quote.

We hope these will be completed next term and/or during school holidays, to keep our kura looking amazing! Thanks Shane and Ross

School Van

We have investigated a van lease for our school.

Our accountant indicated that if spending remained the same, then purchasing a second-hand van would be possible in October!

Quotes are being gathered and we hope this will come to fruition soon.

Whare Tapa Wha

Children are learning about the Whare Tapa Wha model of Wellbeing.

They have identified the things that feed each wall of their whare.

There were a number of key areas of the presentation attended by Briar, Vanessa and Dorette

This work helps us to reflect on the way we do things and ensures Wellbeing is at the forefront of what we do whilst supporting our Maori learners and whanau in a way that supports success for Maori.

MAC Mahi – BOT & Staff

Meralyn and Anaru, joined both staff and BOT for an introductory session. The BOT have been challenged in its responsibilities in Te Ao Maori, the Tiriti O Waitangi practices and governing legislation.

The session had a lot of impact and will be a tool we can use to develop strong documentation to support our kura's growth.
